

## NANA REGIONAL CORPORATION LANDS DEPARTMENT POLICIES

### Military Policies

The Third Scout Battalion of the Army National Guard is the only military unit to which a permit will be issued. The National Guard is required to obtain a permit from NANA before undertaking any activities on NANA lands. Other units wishing to conduct maneuvers on NANA lands must work through the Third Scout Battalion.

There is no charge for military use permits. However, the Guard is responsible for paying costs associated with NANA's monitoring their compliance with permit conditions.
