

NANA REGIONAL CORPORATION LANDS DEPARTMENT POLICIES

Native Allotments Policies

Economic Opportunities on Native Allotments

NANA will inform allotment owners of potential economic opportunities for their land and its resources.

NANA will not compete with allotment owners for economic opportunities.

Allotment Sales

NANA will work with the Bureau of Indian Affairs (BIA) to develop a procedure whereby NANA is notified in advance regarding any potential sales of Native allotments within the region.

NANA will attempt to obtain the right of first refusal to buy Native allotments in the NANA region that are to be sold to non-shareholders.

Allotment Trades

NANA staff will assess any proposed trade on a case by case basis and the NANA Board will decide whether any particular trade will be made.
