

NANA REGIONAL CORPORATION LANDS DEPARTMENT POLICIES

Scientific Studies Policies

All persons, agencies or institutions wishing to conduct scientific research on NANA lands are required to first obtain a permit from the NANA Land Department. The permits will require:

NANA be kept informed of the study's progress and findings;

that NANA receive copies of all publications resulting from the study;

the use of shareholders as technicians and as logistical support personnel; and

possible minor program modifications be made to obtain data necessary for NANA projects.
