

NANA REGIONAL CORPORATION LANDS DEPARTMENT POLICIES

Trespass Policies

NANA will post signs and maps at major entry ways to the Region, airports, river entrances - that show major geographic features, easement locations, and tell visitors that they are entering private property. The NANA Land Department's phone number will be listed on the signs for individuals requiring further information.

Serious Trespass Violations

NANA will aggressively pursue trespass violations that result in damage to NANA lands and/or loss of resources within reasonable cost and staff time limitations.
